

2021-2022 7th grade VACCINES are REQUIRED

Parents,

If you currently have a 6th grader please know that your child will need to make sure they receive their Tdap, and MCV (meningococcal) vaccines **BEFORE** school starts in August.

Alvin ISD has teamed up with Community Health Network to provide the Tdap and MCV vaccine for your child at school for **free**. The Community Health Network bus will be on campus **Wednesday, April 29th in the morning time** to provide the needed vaccines.

If you would like to register your child to receive the vaccines please see the link below and fill out **all** of the consent forms and return them to the school nurse at Wbrown@alvinisd.net or call me at 281-245-2763 if you have any questions or concerns.
