

**WHEREAS**, imposing relentless test preparation and boring memorization of facts to enhance test performance is doing little more than stealing the love of learning from our students and assuring that we fall short of our goals; and

**WHEREAS**, we do not oppose accountability in public schools and we point with pride to the performance of our students, but believe that the system of the past will not prepare our students to lead in the future and neither will the standardized tests that so dominate their instructional time and block our ability to make progress toward a world-class education system of student-centered schools and future-ready students; therefore be it

**RESOLVED**, that the Alvin ISD Board of Trustees calls on the Texas Legislature to reexamine the public school accountability system in Texas and to develop a system that encompasses multiple assessments, reflects greater validity, uses more cost efficient sampling techniques and other external evaluation arrangements, and more accurately reflects what students know, appreciate and can do in terms of the rigorous standards essential to their success, enhances the role of teachers as designers, guides to instruction and leaders, and nurtures the sense of inquiry and love of learning in all students.

PASSED AND APPROVED on this 6th day of March, 2012.
