SCHS Parents & Guardians,

Throughout this school year, we have experienced an escalation in student misbehaviors on campus after the school day has ended. Shadow Creek HS, in conjunction with Alvin ISD, works to ensure that our school is a safe place for students and staff at all times. For this reason, I am sending this information home for you to review with your child to help ensure his/her overall success at school as well as his/her well-being while on campus.

After School Procedures:

Once the dismissal bell rings, students are given ten minutes to get to an approved location on the campus. Students not in an approved area are asked to wait outside of the building for their ride. Once outside of the building, students are not allowed to re-enter. The approved areas on campus are as follows:

- **Teacher Tutorial** - Teachers offer scheduled tutorials for their students on specific days of the week. Students are allowed to be in a classroom provided there is supervision from a teacher or administrator. Once the tutorial is over, students will need to exit the building and wait outside for their ride. For more information on teacher specific tutorials, please visit individual teacher pages found on the SCHS website <https://www.alvinisd.net/Domain/4091> under FACULTY.
- **Shark University** – Is a school-wide tutorial service provided to students. It is located in the C100 learning area. At least three teachers and two NHS students are available to assist students with content specific needs each day. **Shark U runs from 3pm – 5:30pm Monday through Thursday.** (Make sure to read Shark E-news regularly for off weeks). Shark U rules and expectations are:
 - Students must sign in and out each day.
 - Students must have something to work on and must actually work.
(This is not a social hang-out. Students must be productive, or they will be asked to leave.)
 - Once students leave Shark U, they are not allowed to return.
- **School Activities/Programs** – Students involved in extra-curricular activities, club meetings, or programs are allowed to remain in the building provided they are in the proper/designated area for that activity and contributing to or participating in the activity.
- **ECO** – After-school detention is typically conducted on Tuesdays, Wednesdays and Thursdays until 5pm. Students who have been assigned an ECO should report directly to LGI2 after school. Once ECO is dismissed, students will need to exit the building and wait outside for their ride.

Please note, these are the only approved areas/activities for which students should remain on campus after school. As the teacher work day ends at 3:15, supervision after school is limited and only in these designated areas. Students found roaming the hallways or in unapproved areas of the building will be issued a discipline consequence and asked to exit the building. **Therefore, if your child is not involved in any of these approved activities, please arrange for after-school transportation to arrive promptly at the end of the school day. This will help eliminate the behavioral issues after school and help ensure the safety and well-being of your child.**

Thank you for reviewing these policies and procedures with your child and for your ongoing cooperation. It takes all of us working together to ensure a successful experience at school for students. Please contact your child's assistant principal or me if you have any questions.

Sincerely,

Kelly Hestand
