

Alvin ISD believes that the knowledge of Science, Technology, Engineering, and Mathematics (STEM) is key for the future of our students. Alvin ISD is looking for effective strategies to enhance the performance of our students in STEM subjects while inspiring and empowering them to pursue STEM careers.

STEM education, often requires a lot of expensive equipment that schools cannot afford or maintain. With the support of organizations like yours, Alvin ISD will retrofit a school bus into a mobile STEM lab called the Alvin ISD Mobile Lab.

The Alvin ISD STEM Bus mobile lab will help bring engaging, innovative, and interactive STEM Education to our schools and near our students' homes. The Alvin ISD STEM Bus will allow students to experience the application of the STEM concepts they are learning in the classroom with engaging and interactive stations and will provide our teachers with more than just a package of resources to use in the classroom.

Alvin Independent School District would like to invite you or your organization to become a sponsor for our future Alvin ISD STEM Bus mobile lab. Sponsoring the Alvin ISD STEM Bus will provide your organization with the unique opportunity to build brand awareness among the Alvin ISD community (students, parents, staff, and district administrators), while showing your organization's support for an important issue in the world today: STEM education and attracting students to future careers in STEM.

Why sponsor The Alvin ISD STEM Bus Mobile Lab?

Unique benefits to your organization include:

- Sponsoring a program that has the support of the science education community
- Being a part of a program that will revolutionize the teaching of STEM in our schools
- Maintaining a high profile within the science education sector
- Helping Alvin ISD bring cutting-edge science into the classroom and close to the student's home when school is out of session
- Exposure of your brand/products in the state of Texas and potentially nationwide

Please look at the opportunities for sponsorship that we are offering to you. We are happy to talk with you about customized arrangements, including in-kind equivalence, guided funding, etc. Do not hesitate to contact us about how you would be able to help.

The following levels of corporate sponsorship are defined below:

\$20,000 "Champion" Level

- Large Logo in prime location on the STEM Bus
- Recognition on all press releases and district social media, and on STEM Bus Website (linked into the Alvin ISD Website)
